

# FLEX MOUNT NAV LIGHT SYSTEM

USCG 2 nm USCG 5 nm

## Features & Benefits

### Features:

- Certified for use on vessels 20 meters (65.6 ft.) to 50 meters (164.0 ft.) in length.
- "Flex Mount" system allows the same light to be used for both single and double mount applications
- Powder coated aluminum, high strength support structure holds 2 individual lights and mounts to the deck

### Benefits:

- Easy to mount
- Individual lights can be replaced if damaged while in service
- Significantly reduces cost of repairing a light
- LED lights offer longer life, lower energy draw, less heat and no bulb changes

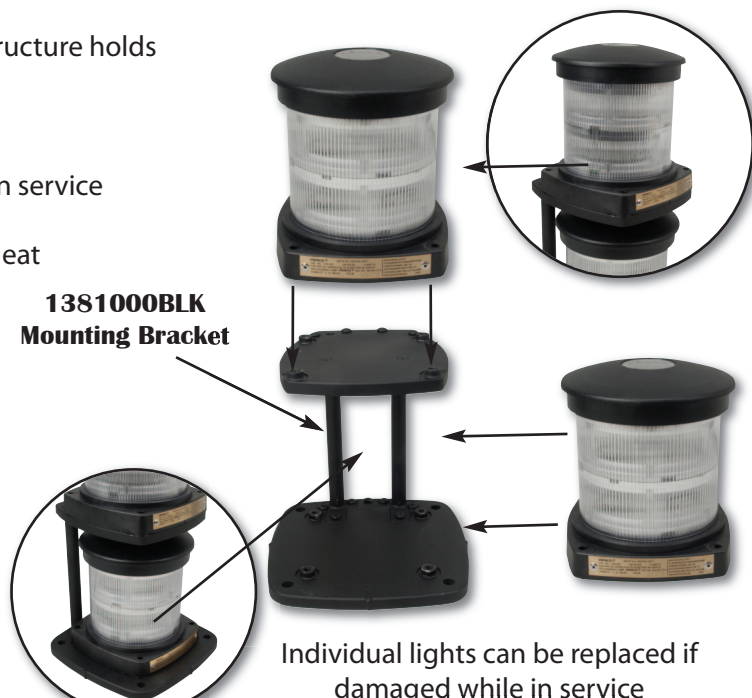

## Technical Specifications

### Material & Finish:

- Black or white polymer
- Translucent color-specific insert on top of light
- Pre-wired with 3 feet of 16/3-SO Cable

### Technical and Dimensions:

- L.E.D.: Operates on 12 and 24 VDC or 120 and 240 VAC systems
- No user serviceable parts
- Screw size: 1/4"
- Height overall: 13-1/4"
- Height lens: 3-1/2" Bottom, 10-3/4" Top
